I'll Take Responsibility

Sensei!!!!!! I don't understand this problem! Please come here!!!
Ah, sorry, it seems I was thinking too much after all.
She's quite busy huh.
I have to hurry up and separate them!
What is that woman thinking, leaving me behind and having a friendly chat with him!
You're overthinking.
I wonder if Sora-san hates me...
That won't be necessary!
Sora-san. If you don't understand it you can ask me. There's no need to be shy.
